

## CPSIA Compliance and Indemnification Statement

**Attn: All Stormtech Performance Apparel Ltd. customers and distributors,**

Stormtech Performance Apparel Ltd. is committed to the Consumer Protection Safety Improvement Act ("CPSIA") signed into law in August 2008.

With this statement, we certify that all Stormtech products manufactured as of November 12<sup>th</sup>, 2008 are in full compliance of CPSIA rules and regulations.

Stormtech has a reasonable testing program in place to ensure product safety compliance with all applicable CPSIA rules, standards and regulations.

### CPSIA General Conformity Certificates

A Children's Product Certificate (CPC) must be issued for children's products manufactured overseas, and domestically covered by CPSC rules. A General Conformity Certificate (GCC) must be issued for every non-children's (general use) product covered by CPSC rules and manufactured in or imported into the United States.

According to 16 CFR 1610.1 (d), the following fabrics are exempt from the flammability testing:

1. Plain surface fabrics, regardless of fiber content, weighing 2.6 ounces per square yard or more
2. All fabrics, both plain surface and raised-fiber surface textiles, regardless of weight, made entirely from any of the following fibers or entirely from a combination of the following fibers: acrylic, modacrylic, nylon, olefin, polyester, wool.

This statement of policy and the enforcement discretion is limited to adult apparel that is exempt from testing pursuant to 16 CFR 1610.1 (d).

According to new enforcement discretion, effective March 25<sup>th</sup> 2016, manufacturers, importers, or private labelers are not required to issue a GCC (General Conformity Certificate) for adult apparel made of fabric that is exempt from flammability testing under FFA pursuant to 16 CFR 1610.1 (d).

Every shipment we receive from our manufacturers will be accompanied by a certificate as required. If a certificate is not required by CPSIA, we will not have a GCC on file. It is important to remember that there is inventory in our warehouse that was manufactured prior to November 12, 2008. These goods are not required to have GCC's and we will not have GCC's on file.

To the extent that goods delivered to you are subject to the testing requirements of CPSIA, we hereby further represent, warrant, and guarantee that our goods are tested and certified compliant by a third-party testing facility.

Requests for certificates may be made by contacting [compliance@stormtech.ca](mailto:compliance@stormtech.ca)
